

Schwarzkopf

Palette

10 min. Color

DISCOVER PALETTE 10 MIN COLOR!

Busy lifestyle and no time to colour your hair?

Find new flexibility and convenience with Palette 10. The new permanent hair coloration that works in just 10 minutes with perfect grey coverage. This is thanks to the exclusive color creme with the color-booster Arginine, which helps color pigments to penetrate quicker into the hair's core.

ANTI-HAIR-DAMAGE FORMULA FOR STRONG HAIR

The low-in-ammonia* coloration includes hair-identical amino acid that stabilizes the hair fiber and strengthens the condition of your hair. The deep-conditioning treatment repairs and restructures the hair from root to tip.

* except for shade 1000, 850 and 800

INSTRUCTION LEAFLET

IMPORTANT ADVICE

- Apply the product immediately after mixing on **dry, unwashed hair**.
- Do not keep any residues of the mixture for a later application.
- Avoid the product coming into contact with textiles.
- Before applying, please read the SAFETY INSTRUCTIONS carefully.

TIPS FOR APPLICATION

- For chin-length or longer hair and for first application we recommend to use 2 packs.
- Pre-washing or subsequent washing of your hair is not necessary because the coloration cream contains hair cleansing agents.
- Do not use two weeks before or after having used a perm. Otherwise, the colour result could become too intensive or uneven.
- Palette 10 min. Color is designed to work in 10 minutes or up to 15 minutes on predominantly grey hair.
- If you have permed or bleached hair or you have hair with streaks, we recommend to shorten the time the mixture acts on the hair by 5–10 minutes.

CONTENTS

- | | |
|--|---------|
| • 1 tube with colorant creme | 50 ml |
| • 1 application bottle with developer emulsion | 50 ml |
| • 1 tube with nourishing hair mask | 22,5 ml |
| • 1 pair of gloves | |
| • 1 instruction leaflet | |

SAFETY INSTRUCTIONS

CAUTION: Contains hydrogen peroxide, phenylenediamines, resorcinol (except shades 850 and 480) and ammonia (only shade 1000).

Can cause an allergic reaction. Avoid contact with eyes. Rinse eyes immediately if product comes into contact with them. Do not use to dye eyelashes or eyebrows. Rinse hair well after application. Wear suitable gloves. Keep out of reach of children.

IMPORTANT: HAIR COLORANTS CAN CAUSE ALLERGIC REACTIONS WHICH IN RARE INSTANCES CAN BE SEVERE. TATTOOS MAY INCREASE YOUR RISK OF ALLERGY.

To reduce your risk follow these instructions.

1. DO NOT USE THE PRODUCT AT ALL IF:

- you have already experienced any reaction to coloring products.
- you have a sensitive, irritated or damaged scalp.

In these cases consult a doctor before using any hair colour product.

2. CONDUCT A SKIN ALLERGY TEST 48 HOURS BEFORE EACH PRODUCT USE even if you have already used colouring products before. This should be done like this:

SENSITIVITY TEST

Perform the skin test on an area of skin sized approximately 1 cm x 1 cm on the inside of the elbow. Apply a small amount of the colour cream in a thin layer on the inside of the elbow with a cotton bud and leave uncovered for 45 minutes. Avoid contact with clothes. Close tube again carefully. After 45 minutes, carefully wash off the colour cream with lukewarm water. If any reaction occurs during the processing time or during the following 48 hours, you should rinse immediately and not use this colorant.

The absence of reaction to this test is no guarantee that an allergic reaction may not occur as a result of a future hair coloration process. However, this test is an important precaution. Please consult a doctor if you have any doubts.

3. IF DURING COLORATION YOU EXPERIENCE:

- any stinging or burning and/or rash, rinse immediately and discontinue use, as this may be an indication for a more serious reaction. **DO NOT** colour your hair again before consulting a doctor or seeking medical advice.
- rapidly spreading skin rash, dizziness or faintness, shortness of breath and/or swelling of eyes/face, rinse immediately and **SEEK IMMEDIATE MEDICAL ATTENTION**.

4. IF AFTER COLORATION OR ON THE FOLLOWING DAYS YOU EXPERIENCE problems such as skin or scalp itching, skin or scalp rash, swelling to eyes/face, blistering and/or skin or scalp weeping, **SEEK IMMEDIATE MEDICAL ATTENTION**.

PRECAUTIONS

- This product contains ingredients that may cause severe eye irritation and possible permanent eye injury. If the developer or hair coloration mixture gets into your eyes, flush immediately with a large amount of lukewarm water and seek medical advice.
- If you must wear contact lenses during application and any product gets into your eyes, remove the contact lenses first, then flush immediately with a large amount of lukewarm water and seek medical advice.
- For external use only, do not inhale or ingest the product.
- Do not use if your hair has been coloured with henna or metallic dyes. Wait until your hair has regrown and the coloured parts have been cut off.
- Remove all metallic objects such as clips and hair pins from your hair before coloration and keep them away during coloration. Do not use metallic tools.
- Keep developer away from heat and light. Do not mix this colorant with any other product. Do not keep any unused product. Do not leave the mixture in a closed bottle (bottle may expand or burst).
- Product not intended to be used on children.

1

MIXING

Before starting the application, place a watch or clock close at hand to monitor the application time. Place an old towel or cape around your shoulders to protect your clothes. Put on the enclosed pair of gloves. Palette 10 min. Color is to be used on dry, not pre-washed hair.

1. Unscrew the cap of the application bottle.
2. Open the colour cream by piercing the tube seal with the reverse side of the cap and press the whole content of the tube into the application bottle.
3. Close the bottle and shake vigorously until all components are thoroughly mixed and turned into a smooth cream.
4. Unscrew the tip of the upper cap and proceed to the application.
5. Start with the application immediately.

2

APPLICATION

Keep on the attached gloves. Apply the prepared coloration mixture from the application bottle on dry, not pre-washed hair.

2.1

FIRST APPLICATION

If you are using a permanent coloration for the first time or after you previous coloring no regrowth can be seen.

1. Distribute the prepared coloration mixture strand by strand over the hair. Start the application where you have the most greys. Make sure that the mixture is evenly spread and your hair is fully covered. Massage the mixture thoroughly into the hair.

2. Leave the mixture on for 10 minutes (15 minutes for predominantly grey hair).

2.2

REGROWTH APPLICATION

A regrowth application is necessary if your hair has already been coloured and regrowth can be seen or if the tips of your hair are darker or stressed.

1. Divide the hair strand by strand using the application tip. Apply the mixture along the parting. Continue the application till the roots are well covered. Apply 2/3 of the color mixture to the re-growth area. Start the application where you have most greys.

2. Leave the mixture on the roots for **5 minutes**. Then, carefully comb the application mixture through to the ends and leave the mixture on for another **5 minutes**.

For predominantly grey hair we recommend 15 minutes total processing time. (10 minutes for the re-growth, 5 minutes for the lengths)

CAUTION: the coloration mixture of some shades changes its color during coloration process. This does not influence the color result.
IMPORTANT: Do not exceed an impact time of 15 minutes, since the color result may turn out darker than shown on the folding box.

3

RINSE

At the end of the processing time, apply warm water to the hair and work into lather. Then rinse out thoroughly until water runs clear. Make sure the coloration mixture is completely rinsed-off.

Tip: Use a mild shampoo, like Gliss Kur for colored hair, to support the rinse out.

4

CONDITION

As a caring post treatment, massage the caring hair mask into towel-dry hair. Leave in for 2 minutes, then rinse thoroughly. The hair mask leaves your hair noticeably softer and with beautiful shine. Depending on the length of your hair, the caring hair mask lasts for up to 2 applications. For further application, please screw on the reverse side of cap.
